

# Sex and labor trafficking are happening in our community.

The COVID-19 pandemic has made people of all ages more vulnerable to human trafficking.

## Why?

- ▶ Travel is restricted.
- ▶ Police and child protection reports have decreased.
- ▶ Online exploitation has risen, especially among the youth.
- ▶ Unemployment rates, evictions and displacements have risen, especially among women, minorities and under-resourced populations.

Through a strong network of resources, STAC provides direct support to survivors and can assist with housing, counseling, employment and more.

**Stand with survivors and help make our community a safe place for all, especially during the COVID-19 pandemic.**
